GREEN AND CLEAN ENVIRONMENT POLICY

EFFECTIVE FROM: 04.07.2022

AIM

To improve the green coverage both inside and outside the college campus by planting more native species

POLICY SCOPE

The policy is applicable for all Teaching, Non – teaching faculty, Administrative staff, Students and Parents.

POLICY DETAILS

The OBJECTIVES OF THE POLICY

- Plantation of trees.
- Reduce the air and noise pollution inside the campus.
- Encourage the design and development of battery-operated vehicles.
- Plastic free campus.

PROCEDURES

- Request the Governing Council's endorsement of the policy's implementation.
- Elucidate to employees and students why a policy and action plan are necessary.
- Place banners in visible locations such as "Green Campus," the "Parking Area" and so forth.
- Instruct the students about the negative effects of air pollution.
- Instruct the security to restrict automobile entry beyond the parking lot.
- Keep an eye on the gardener's tasks, such as maintaining the green scapes, watering and feeding plants, pruning trees and shrubs, fertilizing and mowing lawns, weeding gardens, and keeping walkways and green spaces free of trash.
- Manage soil and liquid waste.
- Adopt Rain water harvest technique to recharge bore well and underground surface water.
- Conserve water and energy.
- Implement the recommendations.

CONCLUSION

This policy plays an essential role in the creation of a healthier and more sustainable world. It is important to understand the effects of pollution on the environment, and to take action to reduce it. Our students, staffs work together to ensure a clean environment for future generation.

PLASTIC FREE ENVIRONMENT POLICY

EFFECTIVE FROM: 04.07.2022

AIM

The objective of a plastic-free environment is to reduce or eliminate the use of plastic products, or to replace them with more sustainable alternatives.

POLICY SCOPE

The policy is applicable for all Teaching, Non – teaching faculty, Administrative staff, Students and Parents.

POLICY DETAILS

- The policy should emphasize the importance of reducing single-use plastics and encourage the use of biodegradable, reusable, and sustainable alternatives.
- The policy aims to collaborate with suppliers to source sustainable products and materials. And encourage them to reduce the use of plastic in their packaging.
- The policy should establish annual goals for reducing plastic use, and provide regular progress reports.
- The policy aims to provide education and training to students, faculty, and staff on how to reduce plastic waste and adopt sustainable alternatives.
- The policy aims to raise awareness among the college community about the negative impacts of plastic waste on the environment and the importance of responsible resource use.

CONCLUSION

The implementation of a plastic-free environment policy is an essential step in preventing the long-term health of our planet. It is our responsibility to reduce our dependence on plastic products and find sustainable alternatives. We must also continue to educate ourselves and others on the importance of reducing our plastic footprint. We should create a healthier environment for our children and future generations with our dedication.
