### Spreading Smiles- Providing stationery assistance for basic education to empower underprivileged children

Date: 07.04.2023

EVENT CONDUCTED DATE: 07.04.2023

VENUE: Government School, Thalaivasal

EVENT NAME: Spreading Smiles- Providing stationery assistance for basic education to empower underprivileged children

NO.OF NSS VOLUNTEERS PARTICIPATED: 30

NO.OF.BENEFICIARIES: 30

“Spreading Smiles- Empowering underprivileged Children through Stationary Assistance for Basic Education” was conducted by the NSS unit of Bharathiyar Institute Of Engineering For Women on 07.04.2023.

Dr.R.Punidha, Principal of Bharathiyar Institute Of Engineering For Women inaugurated the event in a grand manner.

Education is a powerful tool that can break the cycle of poverty and empower individuals to reach their full potential. Sadly, a significant number of children, particularly in developing countries, lack access to even the most basic educational resources. Without access to stationery supplies such as pens, pencils, notebooks, and textbooks, these children are hindered in their ability to learn and grow academically.

Programs that provide stationary assistance are vital to impoverished children who cannot afford essential school materials. We level the playing field

*R. Punidha*  
Dr.R.PUNIDHA, M.E., Ph.D.,  
PRINCIPAL,  
BHARATHIYAR INSTITUTE OF  
ENGINEERING FOR WOMEN,  
DEVIYAKURICHI - 636 112,  
THALAIVASAL (TK), SALEM (DT).

and enable these kids to engage completely in the educational process by giving them the required stationery supplies. Children can take notes, finish homework, and participate in interactive learning activities with the help of stationery items. Additionally, possessing their own materials gives them a feeling of pride and ownership over their education, which increases their drive and dedication to studying.

Stationary assistance for underprivileged children is an essential step toward ensuring equitable access to education. By providing basic educational supplies, we empower these children to overcome barriers, enhance their learning experience, and improve their overall well-being. NSS unit of Bharathiyar institute of engineering for women were actively participated and shown their dedication towards needy children.

Residential Higher Secondary School, Vaithyakoundampudhur and the staff members also joined in the inaugural function.

Day1: 13.03.2023(AN)

### Smart and Effective Learning

The pupils were able to visualize the concepts and break free from the rigidity of the usual classroom teaching approach thanks to the volunteers' usage of interactive modules like films and presentations.

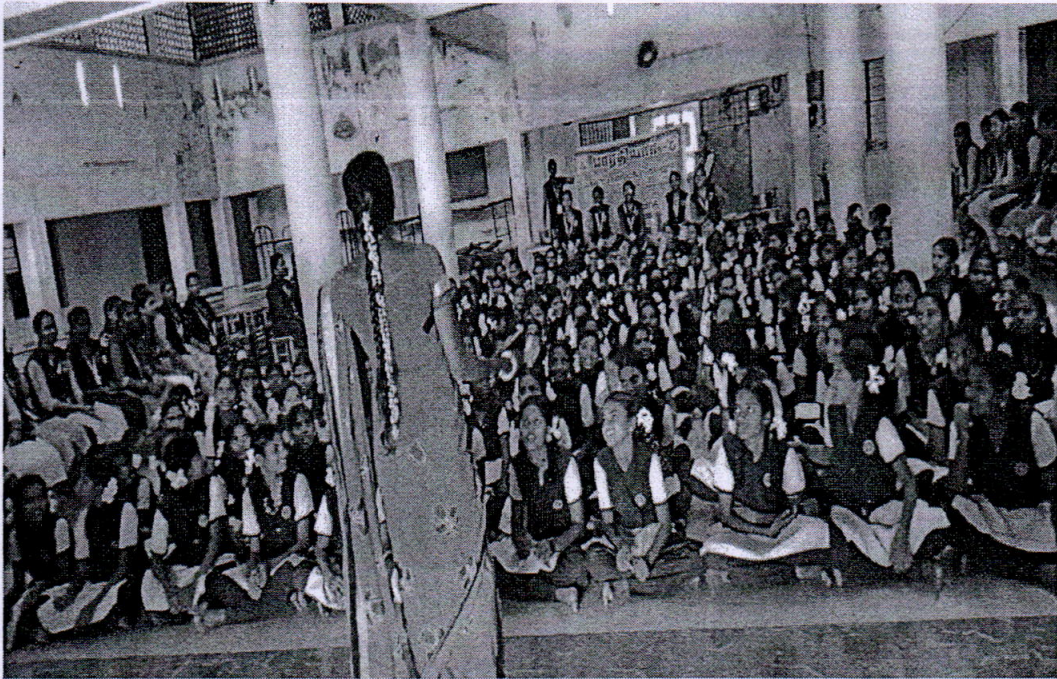

We firmly think that using visualization to learn and comprehend has always been superior. Students' curiosity is piqued and their want to learn more is sparked by the visualizations, which transport them to an imaginative realm. Pupils were excited to learn about Excel Power Point presentations and how to use online resources to improve their earning potential. They also had the chance to use a variety of tools to learn new things. Schoolchildren received advice and brainteasers from NSS volunteers.

Day 2: 14.03.2023 (FN)

## Women Empowerment

Ms. Sanmathi C K., AP/ECE, Bharathiyar Institute Of Engineering For Women, presented a seminar on the subject of "Women Empowerment". Women's education, safety, domestic abuse, peace, economic and social rights, and gender-based violence were all discussed throughout the session. The NSS Volunteers and School Students both enthusiastically took part in the Awareness Program. They thought the meeting was both beneficial and intriguing.

Women's empowerment empowers and enables them to make decisions that impact their lives through the many socioeconomic challenges. They may be able to reinterpret gender norms or other types of obligations, which will provide them greater freedom to achieve their goals. We made the decision to run an awareness program on women's empowerment in order to raise awareness among schoolgirls about empowerment.

ENGINEERING FOR WOMEN,  
DEVIYAKURICH! - 636 112,  
THALAIVASAL (TK), SALEM (DT).

Day 2: 14.03.2023 (AN)

## Spoken English & Public speaking Training

Mrs. A. Shanmuga Priya AP/Eng engages the schoolchildren in a conversation about the advantages of studying English. She gave the pupils instruction in effective public speaking techniques. She spoke with the pupils the value of learning English. Students in school worked on their phonetics, vocabulary, and sentence structure. A lively discussion about the advantages of spoken English was held.

Speaking conversational English really helps you to expand your horizons in terms of employment prospects and interpersonal relationships with individuals worldwide. Every journey is considerably more interesting when you speak the language. While education is crucial for personal growth, learning English also enhances one's quality of life. Thus, we made the decision to instruct schoolchildren in spoken English.

*A. Shanmuga Priya*

THALAIVASAL:(TK), SALEM (DT).

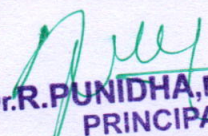

Day 3: 15.03.2023 (FN)

### Yoga For Healthy Life

Adults and toddlers both benefit from yoga's ability to enhance memory. It is the most beneficial way to harmonize the mind-body connection and establish a connection with nature. Numerous analyses state that it promotes mental and physical relaxation. Enhancing children's focus and attention span is another benefit. Reducing stress and anxiety can help you gain proper control over your mind and body, as well as maintain good mental and physical health. Actually, by lowering the main symptoms of ADHD (Attention Deficit Hyperactivity Disorder), such as impulsivity, hyperactivity, and inattentiveness, yoga helps kids with the condition as well.

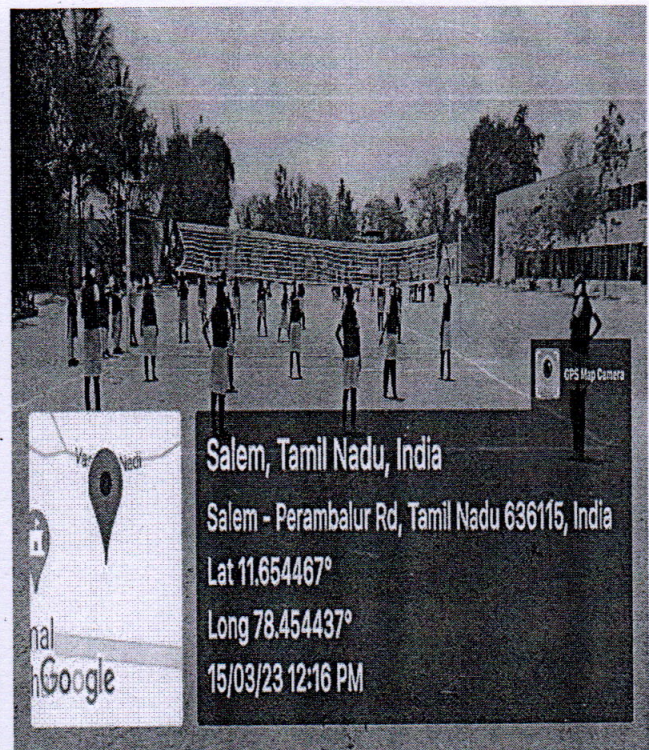

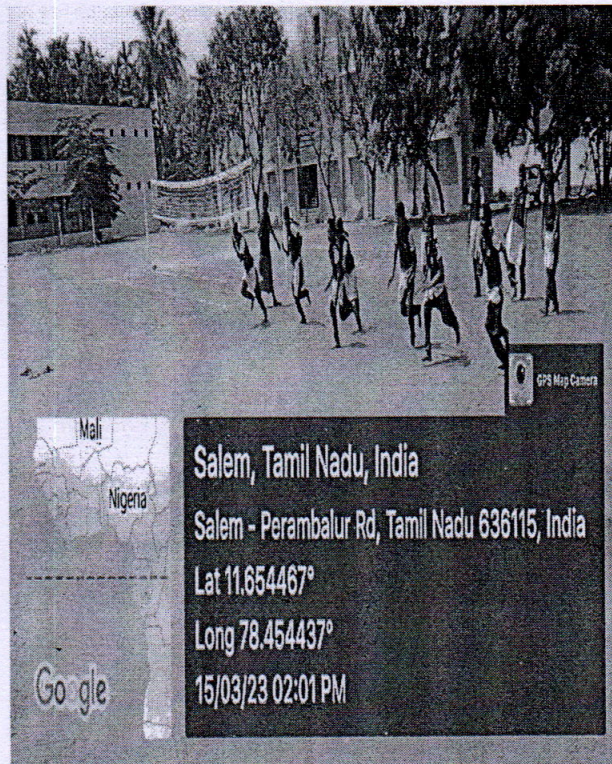

We trained in yoga with pupils from the school. They actively participated in such exercises, according to the Suryanamaskar, Pranayam, and Padmasanam step-by-step procedures. The schoolchildren were shown the yoga poses by our NSS Volunteers. With great attention, the schoolchildren observed such poses and imitated them.

Day 3: 15.03.2023 (AN)

### Sports For School Students

The boundaries for the Kho-Kho Court, Kabaddi Court, Volleyball and Throw Ball Court, and Running Track were marked by our NSS Volunteers. Every school-age youngster needs to play sports and games to boost their brain and self-esteem. Thus, we engaged the schoolchildren in a variety of sporting events. The pupils were divided into three groups.

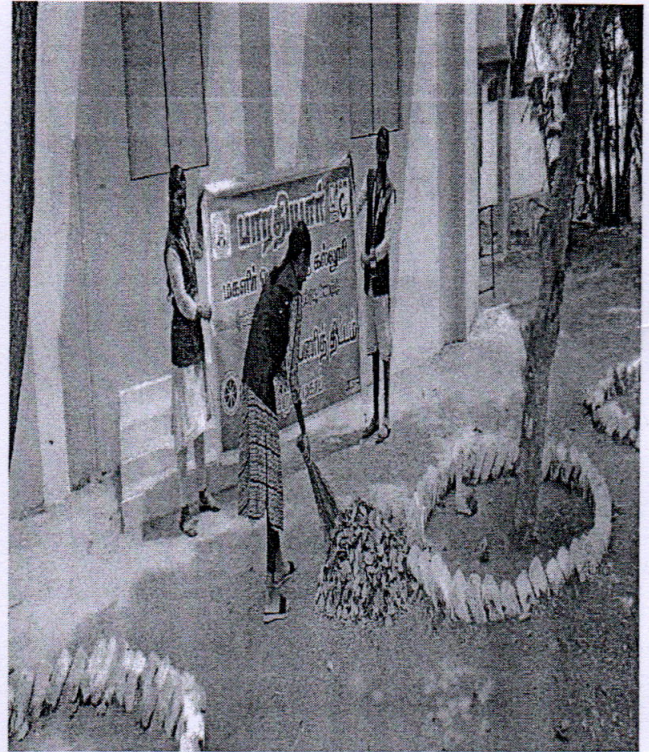

Following that, we played the following games with the schoolchildren: running (100, 200, and 400 meters) and the Lucky Box Game at the subjunior level. There were team games designated for the junior level. For them, we performed The Kabaddi, Kho-Kho. There were volleyball games on the senior level. Staff members and NSS volunteers kept an eye on the participants and offered encouragement. Three winners of prizes were chosen from each level.

ENGINEERING FOR WOMEN,  
DEVIYAKURICH! - 636 112,  
THALAIVASAL (TK), SALEM (DT).

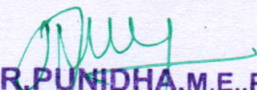

Day 4: 16.03.2023 (FN & AN)

### Campus Sanitation

Our NSS Volunteers occupy the rear part of the campus, while another team occupies the front and a third team occupies the area near the water tanks. They thoroughly cleaned the campus and blanketed the entire school area. At last, they ignited those wastes and thorns.

After dividing into groups, our NSS Volunteers got to work cleaning the campus. All of the dead plants, rocks, and thorns were removed. The withered tree is chopped up and sent to the school mess to be used as fuel to prepare delectable meals for the students

  
Dr. R. PUNIDHA, M.E., Ph.D.,  
PRINCIPAL,  
BHARATHIYAR INSTITUTE OF  
ENGINEERING FOR WOMEN,  
DEVIYAKURICH! - 636 112,  
THALAIVASAL (TK), SALEM (DT).

Day 5: 17.03.2023

### Tree Plantation

Since trees are the natural habitat of many endangered species as well as animals and birds, planting them is clearly significant. Reduced global warming can result from the conversion of atmospheric carbon dioxide into wood and other fibrous tissue in a recently planted whole forest.

The volunteers planted and watered thirty saplings of tamarind, eucalyptus, pongamia (Pungai), and neem as part of the "ONE STUDENT ONE TREE" campaign. In the photos, our NSS volunteers are seen planting prickly padauk (vengai) and garden palm trees. It has been demonstrated that if kids spend some time creating shade and beauty in our environments, they will remember more of the lessons given in the classroom.

PRINCIPAL,  
BHARATHIYAR INSTITUTE OF  
ENGINEERING FOR WOMEN,  
DEVIYAKURICH! - 636 112,  
THALAIVASAL (TK), SALEM (DT).

Day 6: 18.03.2023(FN)

### Awareness Programme on Self Hygiene

The awareness program for school students was led by Mrs. R. Kanimozhi, AP/CSE, Bharathiyar Institute of Engineering for Women, Deviyakurichi. Students from the school participated actively in such program and gave their opinions on it. Self-awareness is crucial because it allows us to experience ourselves as distinct and individual beings. This is why we have developed self-awareness.

After that, we have the freedom to adapt, build on our strengths, and pinpoint areas in which we would like to see improvements. During that particular session, students learned about the procedures involved in washing their hands. They effectively applied those methods to become a self-hygienic individual.

Maintaining proper personal cleanliness is one of the best defenses against disease for both ourselves and other people. Thus, we ran a program for schoolchildren called "Personal Hygiene and Self Awareness" to raise awareness. We taught the pupils in that program to wash their hands, but also to wash their bodies, to avoid sneezing or coughing on other people, and to throw away any objects that might be contaminated. The pupils were shown the seven stages of appropriate handwashing by our NSS volunteers. and they encourage the children to express their opinions and thoughts about self-hygiene by making them feel at ease.

Day 6:

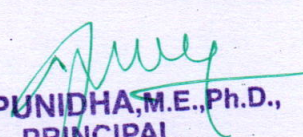

18.03.2023(AN)

### Benefits of Organic Farming

In addition to discouraging environmentally detrimental farming methods like crop rotation and cover crops, synthetic pesticides can also exacerbate other environmental issues like erosion. Our NSS Volunteers grew real organic fruits and veggies on the school grounds, and they contrasted them with fruits and vegetables that had pesticides applied to see how the produce was handled and what consequences eating it would have.

The Bharathiyar Institute of Engineering for Women in Deviyakurichi hosted an awareness program on the "Benefits of Organic Farming" for the students. The program was led by .She gave the schoolchildren an explanation of the advantages of organic farming, pointing out that the use of chemicals and pesticides causes a number of harmful environmental problems.

**Day 7: 19.03.2023(FN)**

**General Health Awareness**

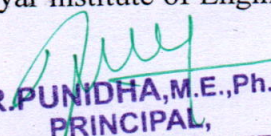

We strongly believe in “Our health is very important for us”. So, we conducted an awareness programme on “General Health”. We should take proper care of our health in order to live a healthy life. Staying healthy means we should have a healthy mind along with a healthy body as both are equally important. We should exercise daily to keep our body fit and active. Our NSS Volunteers give school students a tip for a healthy life style and effect of junk food.

Think about these nutrient-rich foods:Protein. Select seafood, eggs, beans, peas, soy products, lean beef and poultry, and unsalted nuts and seeds. Our Nss vounteers encouraged school children to eat a variety of fresh, canned, frozen or dried nuts fresh fruit juices fruits,Vegetables, Grains, Dairy.

Our NSS volunteers insisted the school children that what are all the food items school children should not eat. Foods that young children and infants should not be fed bacon, sausages. Chips seasoned with salt.chips, crackers prepared dishes and takeout.

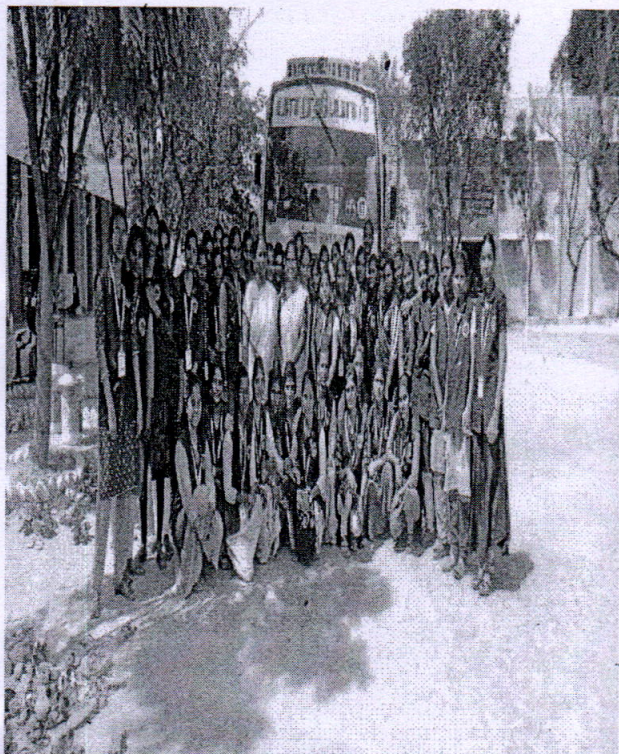

General health awareness given by NSS volunteers from Bharathiyar institute of Engineering from Women.

Day 7: 19.03.2023(AN)

Valediction

Prizes were distributed for the winners of the previous competitions held in the afternoon session, and a ceremonial valediction of the camp was held. The welcome speech was delivered by II-EEE volunteer J. Jayapriya. Dr. R. Punidha, Principal of the Bharthiyar Institute of Engineering for Women, then gave a special speech during which she wished everyone a happy future and urged the young people to become active in their studies.

Finally, P. Swetha, II-ECE, NSS Volunteer, offered a vote of gratitude. The national anthem marked the successful conclusion of the vote of thanks and the camp.

PRINCIPAL

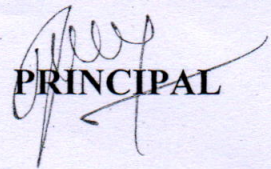

The Special Camp was Carried out with many Activities like, Smart and effective learning, Spoken English Training & Public Speaking training, Women Empowerment, Campus Cleaning, Awareness on Personal Hygiene, Awareness Program on Benefits of Organic farming, Sports for School Students, Medical Check Up, Yoga for Healthy Life, Tree plantation Drive.

The NSS Volunteers actively participated in all those events and motivated the school Students to Lead the Smart and healthy way of living on their own for the benefit of molding the Youth to succeed in their life.

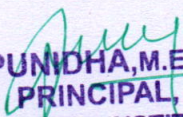

Valediction event was held on 19.03.2023. Our NSS Volunteers thanked the School Headmistress & faculty members for giving the Opportunity to conduct this Special camp was successfully completed.

## RED RIBBON CLUB

**BIEW/RRC/Report/2022-23**

**Event: Bloom Nutrition**

**Venue: Government Higher Secondary School, Thalaivasal.**

**No. of RRC students Participated: 77**

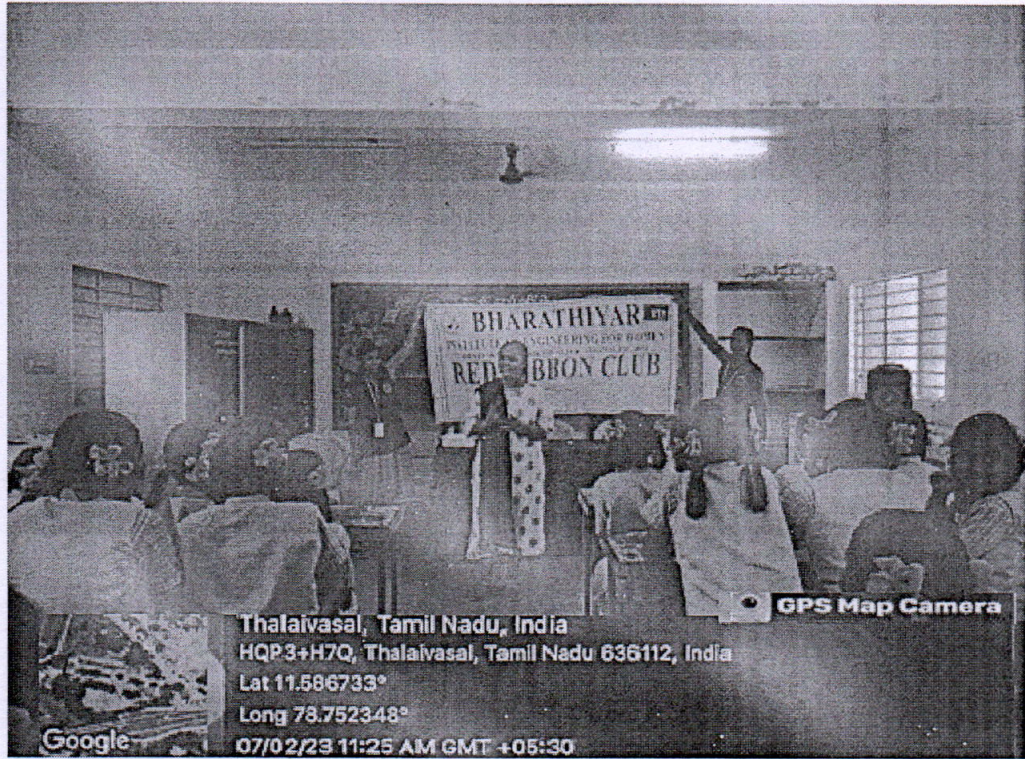

**Date: 07.02.2023**

Our principal, Dr. R. Punidha, M.E., Ph.D., officially starts the Bloom Nutrition programme. During the educational session, students joyfully began to talk about the foods that they often eat on a daily basis.

  
Dr. R. PUNIDHA, M.E., Ph.D.,  
PRINCIPAL,  
BHARATHIYAR INSTITUTE OF  
ENGINEERING FOR WOMEN,  
DEVIYAKURICHI - 636 112,  
THALAIVASAL (TK), SALEM (DT).

Our program's goal is to help students in remote areas make healthy food choices without hesitation. The resource person makes it evident how crucial proper diet is to leading a healthy lifestyle. Additionally, she educates the pupils on BMI calculations and how to keep their weight under control.

## YOUTH RED CROSS

### Tree Plantation Activity Report

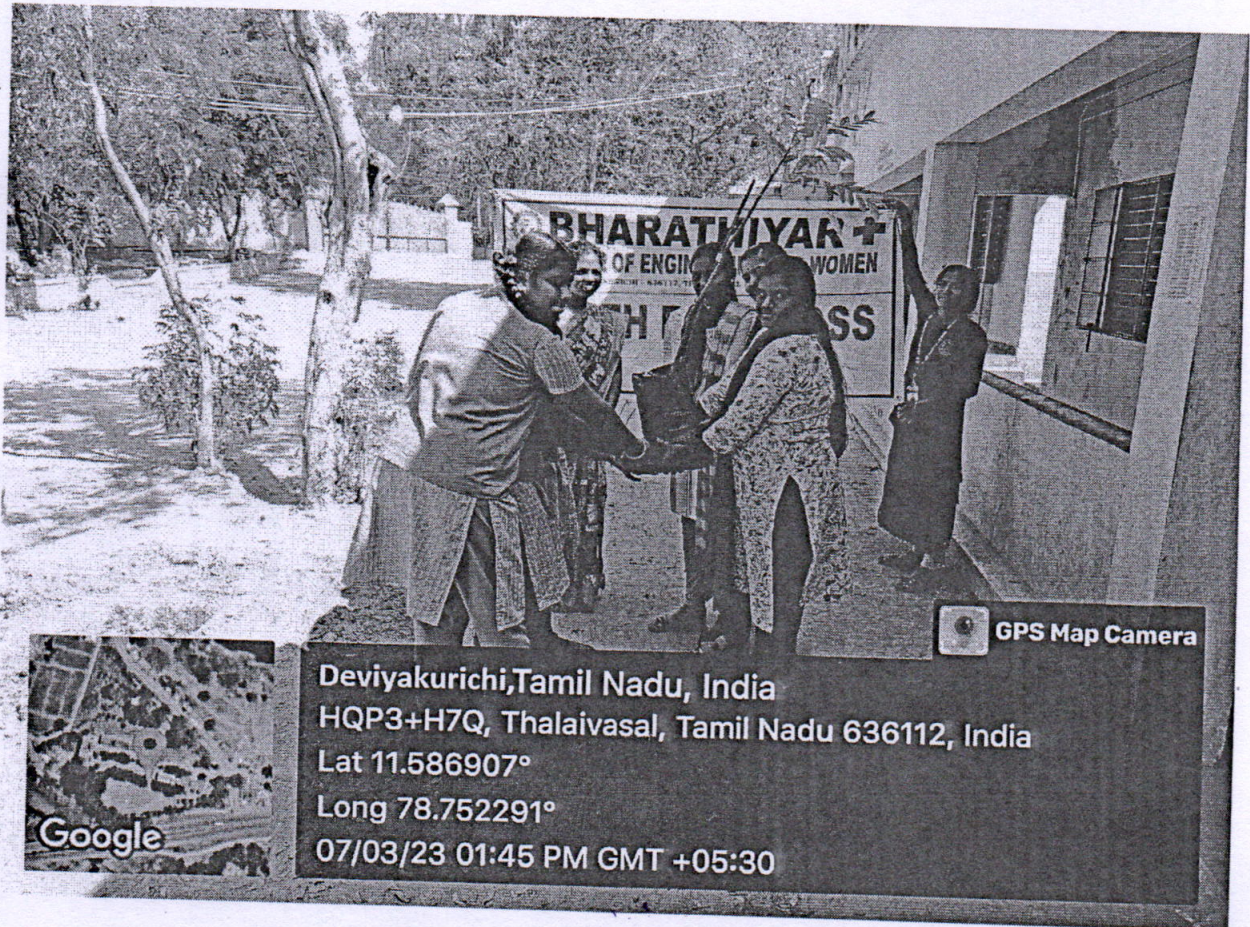

BIEW/YRC/Report/2022-23

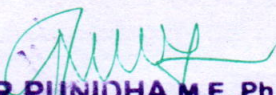

Date: 07.03.2023

Event: Tree Plantation Activity

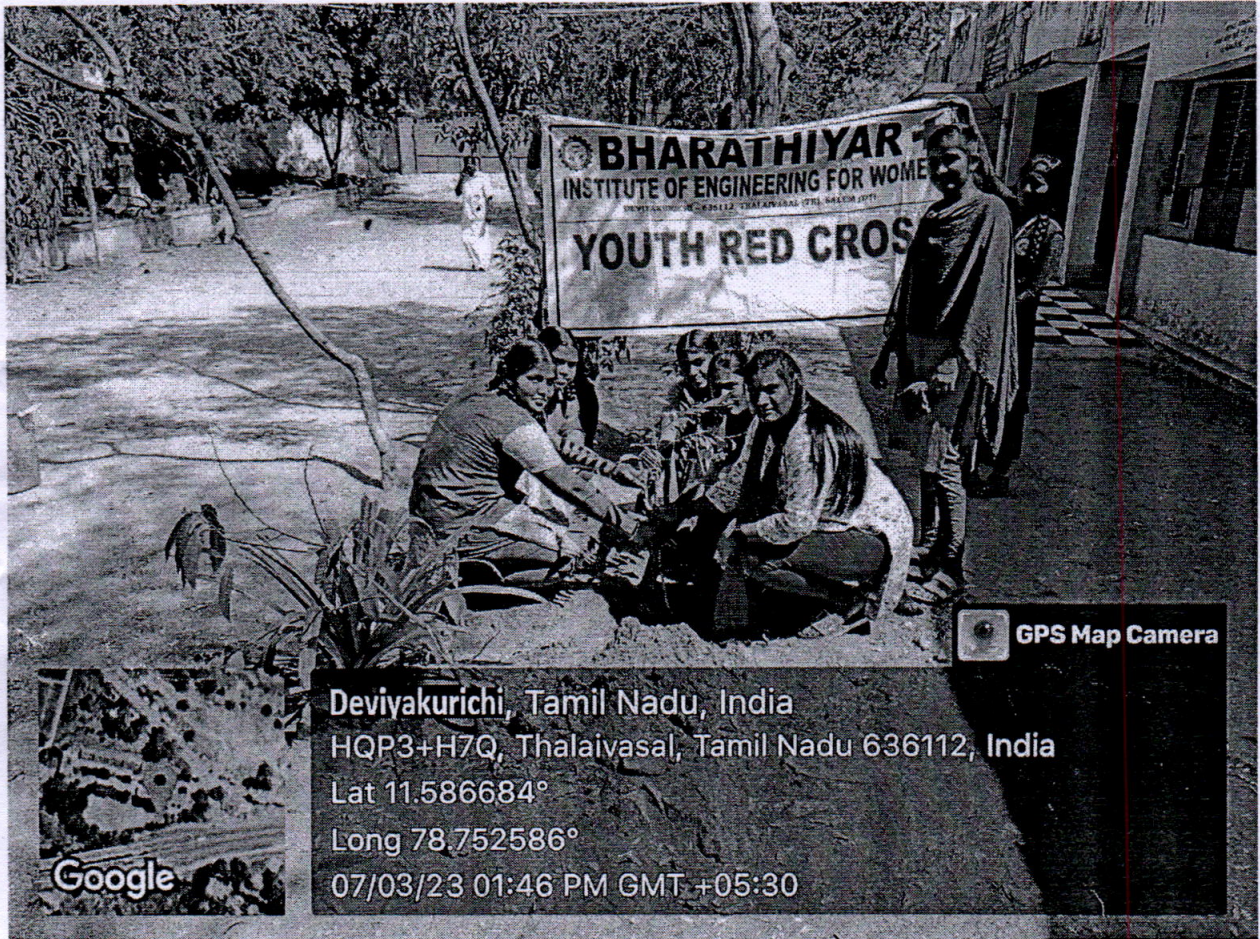

Venue: Government Higher Secondary School, Deviyakurichi

Tree Plantation activity is inaugurated by our principal, Dr. R. Punidha, M.E., Ph.D.,

  
Dr. R. PUNIDHA, M.E., Ph.D.,  
PRINCIPAL,  
BHARATHIYAR INSTITUTE OF  
ENGINEERING FOR WOMEN,  
DEVIYAKURICHI - 636 112,  
THALAIVASAL (TK), SALEM (DT).

This activity's main objective is to increase student awareness of the advantages of planting trees, such as their ability to prevent soil erosion, conserve water, and reduce air pollution. The students benefitted from this event and actively participated in it.
