ISO 9001:2015 CERTIFIED

2.3.1 Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences and teachers use ICT- enabled tools including online resources for effective teaching and learning process

TO WHOMSOEVER IT MAY CONCERN

This is to certify that the Teaching and Learning methods offered during the last five years are as follows:

2.3.1 Teaching and Learning Methods

S.NO	Participative Learning		Experiential Learning		Problem Solving	
	Academic Year	Students Overall Count	Academic Year	Students Overall Count	Academic Year	Students Overall Count
1.	2021-2022	787	2021-2022	723	2021-2022	708
2.	2020-2021	721	2020-2021	730	2020-2021	711
3.	2019-2020	882	2019-2020	853	2019-2020	821
4	2018-2019	1269	2018-2019	1054	2018-2019	1041
5.	2017-2018	1224	2017-2018	913	2017-2018	1057

Criterion 2	Teaching- Learning and Evaluation	40

Key Indicator – 2.3 Teaching-Learning Process

2.3.1: Student centric methods, such as experiential learning, participative learning and problem solving methodologies are used for enhancing learning experiences and teachers use ICT- enabled tools including online resources for effective teaching and learning process and teachers use ICT-enabled tools including online resources for effective teaching and learning process

The teaching learning process is the major activity of our college. BIEW provides an effective platform for students to develop their skills, knowledge, attitude, values to shape their behavior in the correct manner. The three type of teaching and learning methods as experiential learning, participative learning and problem solving methodologies are mainly applied for students. Students are encouraged to participate in various technical events conducted by other colleges. The institution has the needed resources which include wide availability of computers in engineering departments and library, high speed internet access and general ICT facilities. Teaching/Learning methodologies include the use of ICT tools for illustrations and special lectures, field study, case-studies, project-based-methods and experimental methods etc. Faculties delivered power point presentations, video lectures to the students in a effective manner.

The supporting documents pertaining to this metric 2.3.1 exceeds 5 Mb data, hence the supporting document was uploaded in the Institution website. Please click the below links to download the supporting documents.
