Report on Skill Development Programme on IOT

Resource Person:	VEENA.N ASSISTANT PROFESSOR, TAGORE ENGINEERING COLLEGE, CHENNAI.	SONIYAGANDHIS, TECHNOLOGY ANALYSIST, REGITECH CALIBRATION, CHENNAI			
Date of conduct from :	28/09/2019	To:	29/09/2019	Duration:	2 days
Organized Department :	Computer Science and Engineering				
Participant Year:	1/2	Semester:	ODD	No. of Students Registered :	357
Venue:	Seminar hall & EG hall				

Outcome

Upon Successful completion of two days "Skill Development program on IOT", The Students came to know about

- Understand the key components that make up an IoT system
- Differentiate between the levels of the IoT stack and be familiar with the key technologies and protocols employed at each layer of the stack
- Apply the knowledge and skills acquired during the course to build and test a complete, working IoT system involving prototyping, programming and data analysis
- Understand where the IoT concept fits within the broader ICT industry and possible future trends
- Appreciate the role of big data, cloud computing and data analytics in a typical IoT system.
- Define the terms IoT and cloud computing
- Describe the evolution that has led to cloud computing
- Understand the importance of IoT device.

Outcome

Upon Successful Two days Hands on Training Program on" R Programming Tool", The Students came to know about

- R is a platform-independent programming language. This means that whichever operating system you use, your R program will work just fine.
- R is very easy to learn and understand. If you have a good understanding of statistics, R programming will make your tasks easier.
- R libraries provide one of the best and most insightful data visualizations.
- R programming is one of the most popular programming languages for data science and machine learning.
- R can easily be integrated with various other programming languages such as C and C++.
- R is a free language; anyone can download and use it without having to purchase a license. It is also open-source.
- The demand for R is growing at a very fast rate and it is currently a trend in the industry.
- R has a huge community of users and extensive community support to help you with the learning process.
