Report on Faculty Development Programme "Image Processing And Computer Vision"

Resource Person:	Dr.S.Shankar, Professor Dept.of Mechatronics, Kongu Engineering College.		
Date of conduct on :	10&11 th January 2022		
Organized Department :	Department of Electrical and Electronics Engineering		
Academic year	2021-2022	No. of Staff Registered :	55 Staff
Venue:	Visveswaraya Hall		

- Two days Faculty Development Programme on Stress Management was conducted on 10&11th January 2022. The resource person for the session was Dr.S.Shankar.
- The resource person discussed in the session about how deep learning is used in image Classification, data labeling and various other image processing applications.
- By assisting, instructing, and encouraging students to engage in research projects, the program hopes to provide teachers with the information and skills they need to build a better society.
- The outcome of the programme is undertaking research projects with the goal of empowering teachers with the abilities and information necessary to build a better society.
- To be successfully completed the session the participants learn to evaluate oneself to setting goals and achieving goals for further growth, personally and professionally.

Report on Faculty Development Programme "Stress Management"

Resource Person:	Dr.R.Priyadharshini, Bharathiyar Institute of Arts and Science, Attur.		
Date of conduct on :	01&02 nd February 2021		
Organized Department :	Department of Electronics and Communication Engineering		
Academic year	2020-2021	No. of Staff Registered :	67 Staff
Venue:	Visveswaraya Hall		

- Two days Faculty Development Programme on Stress Management was conducted on 01&02nd February 2021 .The resource person for the session was Dr.R.Priyadharshini.
- The resource person gave a brief presentation on stress management. By altering an individual's cognitive and emotional reactions to the trigger events, stress management techniques help people cope with stresses and the negative emotions, physiological arousal and health issues that these stressors cause.
- The participants acquire expertise about stress management in order to successfully complete the event.
- At the end of the session, participants will have a solid understanding of stress management at completion of the programme and everyone will be aware that a life free of stress is one that is happier and healthier.

Report on Faculty Development Programme “Advanced Topics in Geotechnical and Transportation Engineering”

Resource Person:	Er.A.Amir Ahamed,B.E(Civil), A.M.R .Builders.		
Date of conduct on :	03&04 th December 2020		
Organized Department :	Department of Civil Engineering		
Academic year	2021-2022	No. of Staff Registered :	9 Staff
Venue:	Visveswaraya Hall		

- Two days Faculty Development Programme on Advanced Topics in Geotechnical and Transportation Engineering was conducted on 03&04th December 2020. The resource person for the session was A.Amir Ahamed.
- Construction and development of community infrastructure facilities have greatly enhanced the goals of geotechnical and transportation engineering.
- The researcher addressed how to analyze issues and find answers using modeling and forecasts. They also covered the benefits and drawbacks of using various mix applications when installing pavement. Engineers have significant difficulties while building structures in seismically active regions.
- At the end of the session, participants will be able to apply the concepts of SSI in real-world field applications and understand the advantages of warm mix asphalt (WMA) paving technology over traditional hot mix asphalt (HMA).

Report on two days Workshop for Non Teaching Faculty “Fundamental of MS Office”

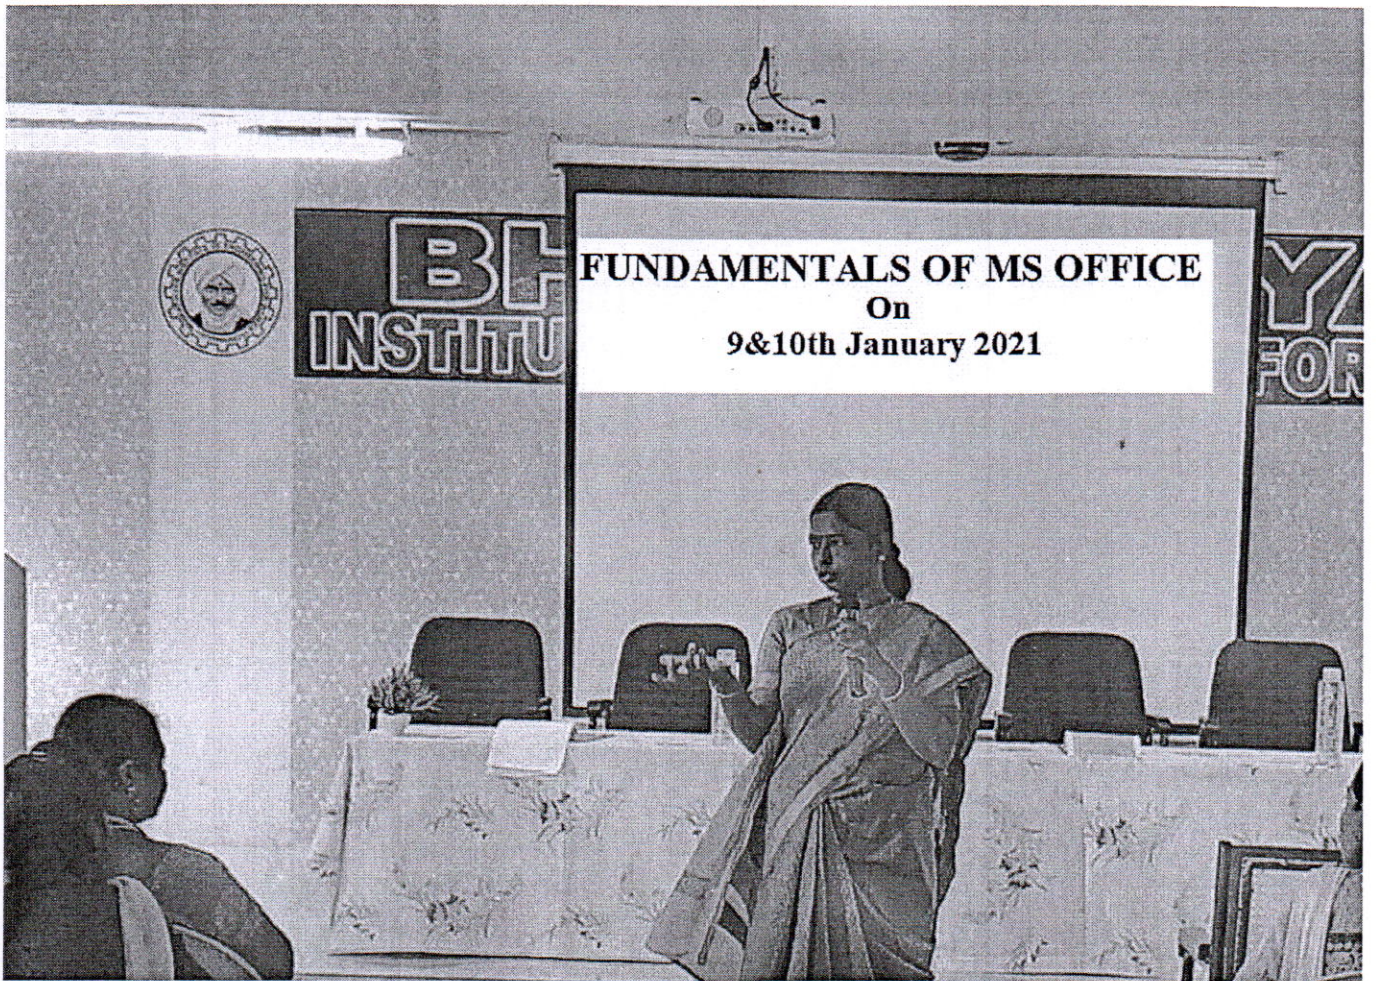

Resource Person:	Mrs.Madhubala.P, Assistant Professor, Tagore Institute of Engineering and Technology.		
Date of conduct on :	9&10 th January 2021		
Organized Department :	Department of Electronics and Communication Engineering		
Academic year	2020-2021	No. of Non-Teaching Staff Registered :	20 Staff
Venue:	Visveswaraya Hall		

- Two days workshop on Fundamental of MS Office was conducted on 9&10th January 2021. The resource person for the session was Mrs.Madhubala.P.
- At morning session, the resource person gave a brief introduction about the basic of MS office and how does it works. Then he started his session by giving the clear lecture on advanced concept of document writing and also the graphics such as images, 3D shapes insertion etc inthe word. Then discuss about the concepts of Excel for performing mathematical operation, searching, sorting etc.
- At afternoon session, resource person started his lecture by clear insight on the previous day topic. Then he started discussing about the power point in detail manner. In that how presentation must prepare, slides should organized, video can be added, animation to the content etc.
- At the end of the course , participants should be able to know the features which are well suit for a large scale document project, how to format the document, selecting various design and templates for project and report.

- Two days Faculty Development Programme on Internet of Things was conducted on 26&27th November 2019. The resource person for the session was Mrs.P.Madhubala.
- To providing the technical knowledge about abilities to create Internet of Things (IoT) system. It includes cloud development, device programming, and system design.
- The resource person provides a brief introduction about the internet of things. The network of physical things that are integrated with sensors, software, and other technologies for the purpose of communicating and sharing data with other devices and systems over the internet is referred to as the Internet of Things (IoT).
- The participants understand how to collect data from the network, employ advanced analytics to find business insights and cut costs.
- To be successfully completed the session the participants understands how the internet of things helps people live and work smarter, as well as gain complete control over their lives.

Report on Workshop for Non Teaching Staff “Google Classroom Creation and Management”

Resource Person:	Mr.Prasanth.P Assistant Professor, Tagore Institute of Engineering and Technology.		
Date of conduct on :	18th December2019		
Organized Department :	Department of Computer Science and Engineering		
Academic year	2019-2020	No. of Non-Teaching Staff Registered :	20 Staff
Venue:	Visveswaraya Hall		

- A workshop on Google Classroom Creation and Management was conducted on 18th December 2019. The resource person for the session was Mr.Prasanth.P.
- The goal of this event is to make it easier to create, distribute, and grade assignments.
- The resources person explains in detail regarding Google Classroom and its applications. It is a free web tool designed by Google specifically for schools that makes it easier to create, distribute, and grade assignments without the need of paper. During the Pandemic Period, this technique is highly helpful for teachers and students to share files.
- The outcome of the event is the participants gain the knowledge about the Google classroom. The participants understand that we can use Google Classroom to complete our assignment without direct supervision.

Venue:	Visveswaraya hall		

- Two days Faculty Development Programme on Design Engineering was conducted on 22&23rd May 2019. The resource person for the session was S.Rajkumar.
- The primary goal of this event was to strengthen the capacity for creativity and create something unique from scratch.
- The resource person teaches Different examples and images were used to introduce the Design Thinking concept. He described how to use the Design Thinking method; several breakthroughs had been made around the world. Design Thinking is an iterative process that puts the needs of the user first and it is focused on the human being.
- This FDP was intended to lay out a method for teaching the Design Engineering course so that every time faculty members would learn something new and improve on what they had already studied and performed.
- As a result of the event, the faculty gain the knowledge about the Design Engineering

Report on Staff Development Programme "Interpersonal Skill"

Resource Person:	Mr.Prasanth.P, Assistant Professor, Tagore Institute of Engineering and Technology.		
Date of conduct on :	28.05.2018		
Organized Department :	Department of Electrical and Electronics Engineering		
Academic year	2017-2018	No. of Staff Registered :	22 Staff
Venue:	Visveswaraya Hall		

- An Administration Training programme on Interpersonal Skill was conducted on 28th May 2018. The resource person for the session was Mr.Prasanth.P.
- The training's objective is to increase communication skills by strengthening and developing the capacity for better understanding others.
- The resource person teaches participants on how the people with great interpersonal skills typically have the ability to collaborate effectively with others, both formally and informally, including in teams or groups. They are able to efficiently communicate with friends, family, colleagues and students.
- The training session ends with the participants feeling more capable of handling criticism, disagreement, and other difficult situations and handle various behaviors. Interpersonal communication skills are a key to managing change.
